

Following a visit to a local manor house, the class compiled a job description for the historical post of butler, before using it to write their own letter of application. Writing was independent and was completed in a single session.

Dear Lord King,

I am writing to apply for the butler job. I am a long time off retirement and would not want to retire for a long time. Hopefully I will tick the boxes but I still want to learn. My parents say I am as balanced as a tight rope walker and I can always keep a smile on my face.

I am am loud and quiet when you need me to be and very high class high class help you. work is very nice for me. No mucking around for me because they trust you for a job, everyone should be like.

Therefore, I feel that I am the right choice of butler to do the job. I honestly think I have all the skills needed. Thank you for taking time off to read the letter and hopefully I'll see you soon.

Yours sincerely
