

Pupil Premium Funding & Bordon Junior School

Bordon Junior School receive additional government funding to help raise the attainment of disadvantaged pupils and 'close the gap' between them and their peers.

In the 2015-16 financial year, Bordon Junior School will receive funding for each child registered as eligible for free school meals at any point in the last 6 years and also for any child whose parents have been a member of the armed forces in the last 3 years.

The 'pupil premium' funding is used in a variety of ways to achieve the goal of 'closing the gap'.

Pupil Premium spend at Bordon Junior School can be categorised into three main areas:

1. Teachers, Support Teachers and Teaching Resources
2. Wellbeing
3. Extended Curriculum Provision

Teachers, Support Teachers and Teaching Resources

The funding enables additional staff to be employed or redirected to work with targeted individuals and groups of pupil premium students.

Staff are given opportunities to continue their further professional development by attending courses and training sessions relating specifically to the needs of the 'pupil premium' students.

Provision of additional resources enables staff to assess pupils effectively and efficiently both on entry and throughout the year.

Key Principles

- staff provide a culture that raises aspiration in all pupils.
- staff believe in all children.
- there are 'no excuses' for poor performance.
- staff support children to develop 'growth mindsets' towards learning.
- all staff are involved in the analysis of data so becoming aware of the strengths and weaknesses across the school.
- under achievement at all levels is targeted (not just lower attaining pupils).

Wellbeing

Emotional and physical wellbeing of pupils is of key importance, more especially those pupils who may have attended a number of different schools or faced challenges during their early lives.

The pupil premium funding enables Bordon Junior School to offer a wide range of resources to benefit our pupil premium students.

A trained team of Emotional Literacy Supports Advisors (ELSA) offer counselling to students.

A Family Support Advisor is employed by Bordon Junior School to offer advice and work alongside families in need. This is achieved through home visits, group sessions, mentoring and working with identified pupils in school.

Other targeted interventions for pupil premium students may include art therapy, bereavement counselling, therapeutic writing, speech and language therapy and the 'Smart Moves' package.

Key Principles

- identify the individual needs of each child and identify the barriers to their learning.
- match the skills of the support staff to the interventions they provide.
- work with other agencies to bring in additional expertise.
- provide extensive support for parents.
- tailor interventions to the needs of the child.

Extended Curriculum Provision

For many of our pupil premium students, extra and extended curricular opportunities provide an opportunity for them to develop higher levels of self-esteem and a positive attitude to learning, both significant barriers to the success of many pupil premium children at the school.

Subsidies of school trips and the part-funding of a high quality after school clubs programme ensure that deprivation is not a barrier to participation.

Family activity sessions at Bordon Junior School also offer many of our pupil premium families an opportunity to feel a greater sense of community and belonging.

Key Principles

- recognise and build on children's strengths to further boost confidence and self-esteem.
- introduce opportunities for children to learn a musical instrument and experience other arts - e.g. dance.

- provide professional coaching in sports and the arts with clear 'exit routes' for pupils who wish to further develop their interest outside of the school environment .
- ensure that extended curriculum provision is offered to all irrespective of an ability to pay for it.

Financial Breakdown 2014-15

Number of pupils and pupil premium grant (PPG) received 2014-15	
Total Number of Pupils on roll (Jan Census)	212
